269 Paterson Plank Rd, Carlstadt

The property is being offered at an asking rate of \$37.97 NNN per square foot annually, equating to approximately \$379,700 per year based on the full 10,000 square foot lot. The NNN structure allows a tenant to maintain control over taxes, insurance, and maintenance, providing flexibility for development and long-term operational efficiency. This ground lease presents a rare opportunity for users seeking high-exposure frontage within Bergen County in a market where small-pad development sites are increasingly limited.

New Jersey

The site is located within the Commercial Zone (Section 21-8), which permits a variety of uses including hotel, retail store, restaurant or tavern, professional office, discount or variety store, supermarket, automobile showroom, and service-oriented retail operations. Residential-zone permitted uses are also allowed within the commercial zone. Industrial manufacturing, outdoor bulk material storage, contractor storage yards, heavy industrial operations, and any noxious or offensive uses are prohibited. The zoning framework makes the property particularly well suited for a quick-service restaurant (QSR), fast-casual dining concept, coffee operator, boutique retail user, automotive showroom (non-repair), or other service-oriented commercial tenant.
